H	The plan shall focus on Council efforts to bring about the purpose of this subtitle, by specifying 5-year goals, as developed through data driven strategic planning, for advocacy, capacity building, and systemic change related to the areas of emphasis, to be undertaken by the Council. Sec.124(c)(4)(A)	There was inadequate evidence that the: Council engages in data-driven strategic planning to develop the State Plan and takes the primary role in the planning process. State Plan is the Council’s Plan and that activities are undertaken by the Council versus the State Plan being one that is configured by and for the Area Boards. Council is free from state interference in the development of the State Plan. The state’s DD agency awarded the Council two contracts: (1) Client Rights Advocacy and (2) Volunteer Advocacy Services. This state supported work is documented in the Goal 2 in the Council’s State Plan which states: “local offices provide assistance that include systems navigation, technical assistance, attendance to Individualized Education Plan meetings and assistance with due process”. Regarding (B) <i>Use of Funds</i> , the review team could not draw any conclusions about the Council based on the information provided about the expenditures for the DSA. It was stated during interviews that: <ul style="list-style-type: none"><li>• The DSA charges the Council an indirect rate for the services it provides.</li><li>• The rate stated by Council staff was in excess of the 5% or \$50,000 limit.</li></ul>	1. There are 13 Areas Board representatives on the Council and 7 “at large” members. The Area Board representatives sit on the State Council and on the Advisory Committee to the Area Boards. This dual role presents a conflict of interest and gives the appearance of a conflict of interest. The Council does not have a policy or procedure to address this.		8.
